Dear Seyedamirhossein,

I would like to congratulate you on receiving Commencement Honors. This is a wonderful recognition of the hard work that you have put forth in your time at UWM. I know the demands of our curriculum and understand the effort necessary to receive this designation. You should be incredibly proud of this accomplishment.

As Dean, I understand that our student and alumni successes are a direct representation of the quality of our programs. I have every confidence that you will serve as a strong representative of UWM and our college as you pursue your professional goals.

On behalf of the college, I wish you great success in the future and look forward to your continued involvement as an alumnus.

Best wishes,

Brett A. Peters

Brett A. Peters, Ph. D
Dean, College of Engineering & Applied Science
